Dear Ms De Swardt

Thank you for your letter of 24 August 2007.

Admissions policies of the University of Cape Town, as set out in our undergraduate prospectus, provide for the evaluation of qualifications such as those issued by the Cambridge local examinations syndicate. Where an applicant with Cambridge local examinations certificate qualifications meets the University's entrance requirements, including those set for individual faculties, the applicant will be judged in competition with other applicants for the programme, all admission to UCT programmes being competitive.

Yours sincerely

Hugh Amoore
Registrar
